“ *She was light in darkness! Even towards the end of her fight she went out of her way to show her appreciation and love to others. She picked on me and I her; she made my days better whenever I saw her while working. I looked forward to seeing her on the days I knew she'd be coming in. Those days will never be the same. She touched my heart and life in an unexpected and joyous way. Her passing was unfortunately without a doubt inevitable, but hurts tremendously.*

*I'm so blessed to have known her, receive her love and give her love in return. "My Bonnie Girl, your Kellie Girl" loves you.*

*Prayers to her family.*

“ Bonnie was one of my dearest friends, and was my “ second sister”. I was with her, during a lot of her valiant battle with her cancer. She fought hard, and never lost her sense of humor.. She remembered the names of all her healthcare providers, and greeted them warmly, every time she saw them. We will always have fond memories of our camping trips together. I will miss Bonnie so very much, but I know she is now at peace and is reunited with her late husband, Bob.

*My sincerest love and sympathy to her family, especially Mike and Shelly, how were by her side, until the end .*
