“ Daddy there are no words to express how heartbroken I am by your passing. It hurts so much but I take comfort in knowing you are now out of pain and that you are now with mommy again. I love you with all my heart and soul. I want to thank you for taking my boys in and being a father figure to them when they needed one. We miss you dearly dad and you are our hero now, always, and forever. Your love will live in our hearts forever. You hold a special place that can never be filled. We will mourn, grieve, and eventually learn to live life without you here with us physically. But the boys and I take comfort knowing you are now our guardian angel watching over us. This is not a good bye this is a see you soon daddy. Love you always and forever.

“ Gary was like a second dad to me. On more than one occasion he opened his heart and home to me. He'd give you the shirt off his back if you truly needed it. One thing I can say is that there are a lot of people who will miss you including myself. Thank you for everything Gary. See you on the other side....
