“ I have lost a friend! Glory was appropriately named as she was 'Glory' to every person who knew her, Glory was a treasured friend and I meant to contact her many times over the past year and 'put it off until another day', I am now sorry! I worked with this friend at DHD#10 for many, many years and we visited often. We were always going to get together and go out to dinner soon... This is a reminder to all of us to be aware when a thought comes, we need to follow through and keep in contact with those who have touched our lives and left a footprint in our heart.... Call your friend TODAY! Don't wait!
Glory,, I am Missing you my friend but we will meet again! Love,

“ Thinking of my beautiful, loving aunt today and always. Though I did not get to see her often, she had this amazing way of picking up a conversation right where you had left off, even if it had been several years since you talked! I never spoke to her without hearing about the love she had for our Lord and her sweet family who she adored. Her grandchildren were her pride and joy! They were always the center of our conversations and her Christmas letters. Though Glory faced so many trials in her life, the loss of her husbands and her beloved son Chip along with many health issues, I never heard her complain Her faith and selfless love for others serves as an inspiration for all of us as to how we should be living our lives. I last saw her at Chip's funeral. It makes me glad today to know they are together again, because of God's grace. Sending love and prayers for David and the rest of the family today. Thinking of everyone of you! Dawn (Petry) Austin

“ I remember always getting a Christmas card from Aunt Gloria way out here in Wyoming/Montana, every year! I hadn't seen her in decades but she still sent a warm Christmas card every year. I know she was a very genuine, loving person. I also take comfort in knowing I will see her when my time is up and be able to spend eternity in her company, since we both believed in our Lord and Savior Jesus Christ. My deepest sympathy to all the family! Love each and everyone of you. May God bless and comfort you. Although I haven't heard this name in decades, I can still vividly hear her calling me Stevie (shes the only one that did).
