“ I am such loss for words, Harvey was huge part of the EVS department and the hospital. He always sat at the end of the table in break room. It was his spot, harvey would hang his coat there. It just not right not seeing him or his coat on that chair. I get to work as he going out the door holding door. I miss his smile at the door. Harvey with our LORD JESUS NOW. I will see him again someday. Pray for Debbie and the family he loved you so much.

“ I worked with Harvey at Munson for a short time. My husband was diagnosed with cancer and is not able to do some of the things he used to. We heat with wood. Harvey cut down trees and split them to size for us just this last fall. His kindness will always be remembered. Stan and Barbara

“ I believe Harvey is probably the only person in history to have caught a 38" salmon using only a metal smelt dipping net. I was there!!!!
He'll always be in my heart, and one of my 3 favorite brothers.

“ I could give 100's of memories about Harvey! He was a true friend to his family and friends. Harvey loved my late parents as his own. When my dad was dying of cancer Harvey would shovel snow, chop/bring in firewood and every other job at the house that needed to be done. Harvey will be dearly missed.
