“ *Mr. Hayward was one of my favorite teachers in Junior High. I have more memories of his class than I do for any other class. He was a very patient teacher with a good attitude towards his students.*

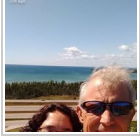

Diane, I remember our friendship in school and the many sleepovers we had at each other's homes. I really appreciated seeing your dad at home with your family and the respect I had for him not only as my teacher but as your dad. You may recall that my dad passed away when I was in sixth grade. As a twelve year old it was difficult to grasp the fact that I wouldn't have my dad around for the rest of my life and to be apart of the many milestones we experience. So I had a tendency to look up to men who had good morals and would be good examples for me, and your dad was one of them!

I feel for your loss and I know you appreciate the time and experiences that you shared with your dad and the love he had for you and your family.

With Love,

Debbie (King) Kimball

“ Dear Aunt Gwen and all, I'm so sorry for your loss. Uncle Louis was such a kind, gentle, and loving man. I knew he was a teacher, but I didn't know he taught middle school math, as I have for the last 13 years. I like knowing I have that in common with him.

I am thinking of you and praying for your peace and comfort at this time.
