“Wow! I met you in 1999 when I was 16 years old and working at the c-store in Portage. You were somewhat of a regular and we became close enough to hang out and be buddies!

Though hanging out was only for a few months, to this day I can remember so much in such a short time after being sparked. Just to name a few; helping clean your apartment, taking back your pop can for gas money, lol. You wanting me to paint a siamese cat painting after finding out that I had some skills and going to Michael's on Westnedge to buy me the supplies (which I still have some of the paint brushes btw!) The big master plan at my HS to try and get D.L. Gallivan printers in there! Hearing your stories of Arizona. Trying on a military gas mask of yours and getting a silly picture. Visiting a little kitty cat at your parent's home, trying on a fur coat for the first time, etc.

All of these short lived experiences that still somehow marked my memories from 25 years ago!! We never stayed in touch and yet somehow a week ago you popped in my mind and I decided to try and search you out.

I am saddened to have found this and find it so ironic. I believe your spirit is making its rounds as this timing feels more like a connection. Not know anything from this past 25 years, I have a feeling you are in a place of peace now, Patrick. Thank you for reaching me through the spiritual world for whatever those reasons may be and continue your transcendence journey! ❤️

“ Our hearts are saddened to hear of the passing of such an amazing man. My memories with Pat will be cherished forever. He made my schools years fun, exciting and memorable. One memory I will forever cherish is seeing Pat drive around in his car with a Big Pink Flamingo for a hood ornament. You will be missed Buddy! Rest Easy Bro! ~Mike DeYoung
