“ Dear Reatha I was totally shocked to hear of your passing years after the fact. For Doug Gillette my sisters husband asked me how I knew Don and Reatha .I was heart broken 💔 little did you know but you & I meeting in the mobile home park hanging out together ,listening to music on the old bean bag chair with head sets on fire hours. To you calling me to help you with babysitting 2 young brothers that where a handful. Walking our dog's Taffy & Missy. To on a warm summers night sneaking off to the farmers field with a blanket drinking a bottle of Boones farm wine or Annie Green springs wine. Priceless I held this secret for a long time now but Reatha I have always wished you & I could have been that couple growing up. But one things for sure I long for the day to see you once again in Heaven. What a beautiful, wonderful reunion that will be. I love Reatha forever ❤️
