“ *You were the best hockey player I ever knew. I knew I could never compete with you on the ice. So I tried on the baseball field at Edison Elementary school and you proved yourself just as talented. God Bless You - I've missed you for the longest time.*

“ Dear Brother Rick in my mind I am still riding my bicycle with you and we are going to Edison Elementary School to play ball. We are brothers who spent most of our time together or with Mom and Dad. Cold mornings we would wake up and sit with our backs to the heat registers in the living room keeping warm talking and being boy's until Mom and Dad would get up. Yes things changed for you as you got older but my most precious memories of you (us) are in our youth. It is as if those times were just yesterday - I will miss you Rick a piece of my heart is gone but you live on in my memories and they were such joyous times I will treasure forever. I hope you can hear me Rick and you are sitting at Mom and Dad's side until we meet again we will get on our bikes and ride again. I Love You Rick.
