“ Aumaugh! I cannot believe you are gone! I just found out (6 years later) and I am so sad that I will not be able to talk and laugh with you again in this life. You were such a spirited soul and life was always full of high energy when you were around. So glad you made it out to visit me in California back in the late 70's AND I am so happy to see you had such a good relationship and so much family, loving husband and children, grandchildren in the last chapter (who knew the book would end so abruptly?) of your life. I hope I get to see you again, somehow. Love, Cindy
