“ *Dear Cousin Suzanne was truly one of the most amazing Woman I had the pleasure to know. She loved life and what it had to offer up. She was very dear to my family. Her laughter and care of her fellow humans was to be admired. She was recently working with my mother to provide clean drinking water for children at a nearby school. Her Family had a special place in her heart and we were glad to be apart of that. She will be missed by many from Maine to Michigan.*
